

## Fine Campaign Folding Table in Teak

**Inventory Number** :210-116

**Size:** 29 ins wide, 14 ins deep (open 28 ins deep) and  
28.75 ins high

A practical and beautifully constructed folding table in teak with iron mounts and English brass hinges. Almost certainly made in India and commissioned by a colonial patron this is a design we have not see before, but is easily portable and multi-functional. Notably, although the folding mechanism is entirely in iron-work the hinges are high quality English brass probably from Birmingham. It is an interesting piece that would fit well in a minimalist setting today.

Probably Indian, c. 1840
