

Pair of Large and Impressive Rampant Lion Doorstops

Description

Cast in brass, heavily weighted and facing left and right with the rampant lions resting their front paws on armorial shields, on stepped bases in the form of column pediments.

Probably specially commissioned by an armigerous family, these doorstops are particularly large at 13 inches in height and are in excellent condition.

Provenance: Redlynch House, Wiltshire

England, c. 1860-70
